

Mission to Africa Evening Outreach, February 3, 2011 Tubmanburg Parking Station, Bomi County

Tony:

Thanks to all for your prayers. Travel was flawless. All connections on time and the pilot in the plane out of DC said "we are making it out just ahead of the storm!" All baggage arrived, Hallelujah, and then vehicle breakdowns on the way to the rural area of Bomi County. We have learned to just roll with these kinds of things, expecting that we are being shifted into God's plan. Well, many people showed up a day before the conference to pray and worship, so for them this was the second day. We got in so late, they decided to cancel the conference for today and hold an outreach tonight in this Muslim dominated area. We have been told that there are only a few churches here because the resistance has been tremendous. Previous outreaches have been mostly unsuccessful. Tonight we gathered at a gas station parking lot at the crossroads of the town. Praise and worship was explosive as the atmosphere began to vibrate.

They turned the service over to us and after an announcement that we were bring Jesus and what He would do for them, we gave words of knowledge and about 50 people came up. Since we hadn't done any training yet, the team and Rev Kettor did the praying.

I saw all miracles tonight. Lots of them and very fast. If the people receiving prayer were Muslim, they quickly received Jesus after being touched by The Lord with a healing miracle. At one point the faith level was very high and we called for those that were ready to give their lives to Christ to come forward. About 40 Muslims stepped up to begin their new lives in The Lord. Gene led them. Wow, that was so cool to see Gene in the saddle. It was smooth and full of power.

A couple of testimonies:

Two young girls with different degrees of blindness, from very blurry to totally blind. The mothers watched as I prayed. After a very fast prayer I asked the girls if they could see good now. They both said "yes, I can see good!" It happened so fast that both of the mothers were shocked and said "no way!, how can that be!" And both of the mothers and one of the fathers began for the next ten minutes to thoroughly test the eyes of the girls to see what really happened. After 10 minutes they agreed, "my daughter has her sight back!"

A lady with a long history of intestinal problems. She stood before me with the look of desperation on her face. She came so discouraged from all she had been thru to try to get healed. I don't think she was actually expecting anything to happen. I prayed and asked her to begin to press on her abdomen to see what was happening. Oh, the look of amazement on her face as she began to realize what had just happened to her. Suddenly she began to jump up and down for joy and she ran up to the front to tell all what God had done.

Gene:

Worship was exciting and intimate and God was moving the midst of the service. We felt there needed to be a breakthrough so pastor Tony started his chicken dance and asked me to join him. We invited all the people to get into radical worship which prepared the atmosphere for God to move. Pastor Tony brought a brief message on the healing power of Jesus that He desires to heal all not some. Right after the message we gave words of knowledge. The word I has was for foot problem and sharp stinging pain

in the shins that stopped people from sleeping and when they woke up it continued thru the day and for many years. After giving the words of knowledge, there were about 25 people that responded to just the word that I gave and many more for the other words. The team brought more words of knowledge and a lot more came up. As I started praying over the people, they were very humble and willing to be healed, especially the younger people. Some of the older people had to press in harder, but every one received healing. They were shaking and jumping all around, so excited for what God had done for them. 100% of the people I prayed for were healed and all went up and testified before the crowd which encouraged others to come up with many different needs. During the prayer ministry about 40 people came up for salvation and we prayed for them to receive the Lord and be filled with the Holy Spirit. They were all deeply touched by the Lord and touched and invited to come tomorrow. New believer tracts were given out and names recorded for follow up. I believe God has greatly affected this region and advanced His kingdom and we will see the fruit of it for years to come.

One lady came with her entire body in constant pain. She was in so much pain that she was out of we. We prayed for her for 20 seconds and then asked her to move. She started to move and the miracle hit. Wow, this was so amazing to see. This lady went from not even wanting to live with the torment she was going thru to completely restored. Wow, the look on her face as she jumped up and down for the people to see.

One man, about 60 years old. He couldn't walk well. I felt his shin and ankle, it was real hard. As I prayed I felt it all become loose. He had this problem for over a year. The Spirit specifically told me where to put my hand as I prayed and I felt the miracle take place. As I felt the release, the man jumped for joy.

This is so awesome.

Casey:

Our first day of ministry ended up being a night time outreach in a gas station parking lot. What a start off, we had so much fun praying for all the people. It was also a blast watching Gene and Lance going for it and from what I seen they were having fun too. God is so good as we prayed the healings were coming real fast. From what they have been telling us, that this place is a muslim stronghold and is very hard ground to win over. Well, when God shows up nothing is very hard. We started out with worship this evening and of course we danced with the children. Then we gave out a few words of knowledge. I don't remember all the words given out, all I remember is that everyone that was in front of me that I got to pray for got healed. I prayed for a bunch of leg and knee pain. It seemed as soon as I touched them they were healed and would start jumping up and down kicking their feet. I don't care how many times I see someone get healed it is still amazing to witness. I also prayed for stomach and chest pain and they too were healed. The only total healing we were not sure of was a pastor that was blind in his left eye. He couldn't see at all not even light. When we were done praying he was very excited because he said he could feel the light. He never had feeling in his eye before and now he does. He knew his healing has begun, so even though we didn't see his sight totally restored I know that I know it will be complete shortly. Praise God. Tomorrow starts the pastors conference so that is going to be good. Thanks for praying for us and keep up the good work. Blessings ☺

Lance:

What an amazing night!! I cannot describe what I saw and experienced tonight. Wow, I am awestruck with how I saw God touch these people! We went to a gas station on a street corner and setup. We

started praise & worship. It was electrifying! We danced and sang for quite some time. Then Tony preached a message of freedom in Jesus to the crowd. Then we gave certain words of knowledge regarding healing - hands, neck, eyes, stomach. People started lining up for prayer. Then we began to pray for people. It all happened so fast. Tony began praying for a woman with a large tumor on her shoulder. I started praying for a man with a dislodged knee cap. As I began praying for this man, his knee started popping. It was amazing to feel God heal his knee under my hand! Oh my God! He was completely healed and began to jump up and down. Another woman was in constant stomach pain. I prayed for her stomach and while I was praying I felt a very strong punch on my hand. My hand was on her stomach and something inside her stomach punched my hand. I immediately began to pray for deliverance of the evil spirit that I felt was in her. Jesus then set her free and the pain was gone. Praise God! Then we had a minister that came up and asked for deliverance from a demonic spirit that had blinded his left eye. I prayed for him but his sight was not restored. Then Casey came over and started praying for him and in a few minutes he started feeling sensations in his eye. He said that he could feel the light in his eye which he had not been able to do before. He said that God was healing him and his sight was restored. He left very, very happy. We embraced and praised God! I had several people that came forward to give their life to Jesus. I eagerly led them to the Lord. There were many other salvations and many, many healings. It was a night I will never forget....

Rev. Kettor:

A lady was suffering with a knee problem for many years and as soon as she was prayed for she felt something cold going thru her leg and she was Instantly healed

A woman for 3 months was suffering with a damaged leg and instantly with prayer she started jumping on it and was totally healed

A man suffering with pain in his right leg for the last 2 months. He couldn't even move it without extreme pain. After the prayer he was able to jump up and down without any pain

A lady suffered from pain in both legs for long time. After the prayer, the pain instantly disappeared

A lady had sleepless nights for a long time with bad pain in her ribs. As soon as prayer was offered, she got a shot of pain in her side and then it instantly left her body. She felt it go and was totally restored.

A lady having poor eyesight and it was operated on 3 months ago, but it didn't help. After prayer all the cloudiness disappeared and she could see perfectly. Hallelujah!

A lady suffered with a growth in her stomach for the last 4 years. She had constant pain every day. It was a very large growth. We watched it disappear right before our eyes. She jumped up and down in amazement at her healing.

A lady suffering with pain in her kidneys for many, many years. As the prayer started she felt cold going thru her and Instantly the pain stopped and she felt something leave her and knew she was healed.

A lady had a serious pain in her leg for a long time. It was so bad that when she walked she had to drag her foot and it was very hard for her to live. As soon as prayer started for her, power surged thru her leg, she started jumping up and down completely restored

A lady had severe pain in her right arm. She had an accident and has not been able to move her arm even a little bit and whenever she tried, there was bad pain. Tonight, she was instantly healed and moved her arm all around freely, totally pain free.

A man suffered from pain in the throat and he couldn't swallow food. He felt he was dying because he couldn't eat. After prayer, the swelling disappeared; he could swallow fine with no problem and went home to eat.

A man had serious pain in his leg for the last number of months. While he was working, a tree fell on his leg and caused the damage. He had gone to the hospitals and none could help him, but tonight miraculously healed.

A man was suffering from pain in his back that prevented him from bending. He has to live every day unable to bend. But tonight, a miracle came to his body and he was completely restored. Hallelujah!
