

**Mission to Africa** Outreach #2, February 4, 2011 New Road General Market, Bomi County

**Tony:**

Glory, Glory, Glory to God! Holy Spirit changed our plans again tonight and we were moved to the general market. Many of you know that the markets are very desolate after hours except tonight there was a multitude of people that came out to this market. It all started with the Muslim overseer for the market showing up at the conference this morning because she heard Jesus was with this group healing people. She received a healing miracle and then received the Lord. Then she said "if only one Muslim receives salvation at the market tonight then it will be a very great miracle." BEFORE THE NIGHT WAS OVER, THERE WERE HUNDREDS OF MUSLIM PEOPLE THAT CAME INTO THE KINGDOM OF GOD!

Well, when we got there it was well after dark. There were people everywhere. The praise team was really going strong and dust was flying up from all the dancing. We got out of the car and people started applauding and rejoicing and giving thanks to God for sending us there. We got right into the praise and started dancing with the people. Wow, it was tremendously electric tonight. There was lots of angelic activity already going on.

Short message pointing everyone to Jesus and then a few words of knowledge and then about 200 people came up. Oh my, here we go. They came very quickly, trying to beat others out to get at us. They mobbed us and pushed us back. It's been awhile since I've seen this. We got the pastors that were there praying and the team started in.

I was bouncing around a lot and being pulled to many places, but here is a little of what I saw:

A young lady came saying she was in torment and before prayer could begin she started screaming and fell to the ground shaking wildly. A couple of pastors quickly went down after her, but since we hadn't taught on deliverance as yet I moved to shut this down. I got down in the dirt, next to her ear and shut the demon manifestation down. It happened very quickly and only took a few words. Then I began to reassure her that Jesus was here to help and she started yelling out again THANKING JESUS FOR SETTING HER FREE. I had everyone move back and we watched Holy Spirit sovereignly deliver her. She testified of how The Presence of God came and forced all the demons out and she was totally free. Hallelujah!

They called me over and there were about 20 woman lined up to the side and they told me "pray for them. All of these woman have never been able to conceive!" Wow, here we go. I prayed for each one until they could feel the release in their female parts. Come on babies!

I watched the Anointing hit many people tonight suddenly like a bolt of lightning. Like I would start to pray for someone and even before I could ask what was happening or as I would begin to pray the second time because there was still a little problem left, all of a sudden BAM, they would yell our something like "Oh My God!" and just start shaking and jumping and yelling out "It is gone, It is gone!"

Deaf mutes, blind, crippled all manner of disease removed tonight. What an awesome move of God!

**Rev Kettor:**

Today in the Conference the head of the market, a lady, received the Lord and she requested that we go to the town general market for outreach. She said that the marketers were very jealous of each other

and there was much fighting. They are all Muslims. She wanted her marketers to experience Christ like she experienced Him this morning. Almost all the marketers don't believe in God. "Bring Jesus to the market, please."

Tonight we went there and we saw it. The Glory of God came to the market place. The local radio program was carried there tonight. It was a fantastic night. It was requested that we come back tomorrow because of all the people that were touched tonight.

**Lance:**

Praise God for such an amazing night!! We were told that this village was 95% Muslim and not too expect much. It would be a miracle for even one convert. First we started with praise and worship. The anointing of God was heavy! You could sense and feel the presence of God. We danced and praised God for a very long time. There were hundreds and hundreds of people all dancing and singing. Then pastor Tony gave a short message to the people on the love of Jesus. He asked if there was anyone who needed prayer. They lined up and I never thought it was going to end.... I have no idea how many people I prayed for, I just know that God touched and healed them all!! Tumors left bodies, pain & sickness that had plagued people for years gone! All to the glory of God in a Muslim village! A Muslim town is now praising the name of Jesus! A little boy was brought to me by his mother. He was blind and his eyes hurt him. Not enough to be blind but to have to suffer with pain also. We prayed for him and God healed him and took his pain away!! Miracle after miracle. That is the way the night went. Glory to God!! Casey and Tony prayed for my left ear to open. And it did!! I can now hear about 50% in my left ear which has been totally deaf for about 19 years. I give God all the glory! I am grateful for His never ending love for me. I love you Jesus...

**Gene:**

Greetings in the Name of Jesus! God birthed some amazing events out of our pastor's conference. One of the market place leaders in the community that was lost got saved at this meeting. She was so overwhelmed at the goodness of God that she wanted everyone in the village to hear what she did and

experience the same love of God. She invited Rev Kettor to hold an outreach in her muslim dominated market place. Attempt before we made to reach this village but each one failed. So God gave us a great opportunity to break thru and prepare the ground for what the Lord has for these wonderful people. Rev Kettor felt God was speaking thru this lady and he made a decision to do this outreach with radio coverage. We were excited about the invitation as the Lord has changed our schedule every day. So we took the opportunity and prepared to BLAST the powers of darkness with High Praise and Healing. As we got there, worship was ringing in the streets and we walked in the center of all the people. The electricity in the air was indescribable . We were there just 2 minutes and started dancing with the people. We formed a big circle of praise. I could feel the barriers falling down as our hearts became one with them.

Pastor Tony brought a brief message about God's love for the people. Their hearts were opened to receive a touch from God. We gave words of knowledge for healing and people instantly responded and instantly, overwhelmingly surrounded us. Their hunger made it real easy for them to receive healing.

I prayed with so many people. Oh God, it seemed like thousands. Miracles were happening. Many with leg, back problems were INSTANTLY jumping up and down in seconds. A lot of people tormented came up and just a simple touch set them free and then they testified about the goodness of God. Young people coming up with stomach and hip problems were also INSTANTLY healed. Some of them also received prophetic words from us concerning their destinies and callings and they hung on every word. They were changed.

Rev Kettor made a call for salvation and hundreds of people gave their lives. As we led them in American English they repeated the prayer in perfect American English. How could this be? This was awesome. It was one clarion voice that SHOOK this whole village. The angelic activity was overwhelming and TANGIBLE. The pastors of Africa that came to the conference were excited and joyful they now have a wide open door for ministry to continue this village in their heavenly call. Lance in the middle of this great move was touched by God and his ear began to open.

We came back to our ministry quarters full of excitement just talking for hours about what took place tonight.

Love you, goodbye

#### **Casey:**

I know all of you are not going to like this, but this was one of those outreaches when God shows up in a huge way and so much happens that I can't remember my own name. I guess you could say this was a good thing and well... It was. I will try and remember a few highlights for you at least. I owe you that.

This market place is a Muslim market and no church has ever been able to hold any kind of a meeting here. We even had live coverage from the local radio station. The DJ that was covering the meeting said in the 19/20 years that he has worked for the radio he has never seen such a sight in this village. He himself was very excited and even broadcast longer than he was paid for. God was really moving in this place.

When we arrived the worship was already cranking and the atmosphere was super charged. So we just jumped into what was going on. We danced and danced with all the people, mostly Muslim too. I took

some pictures from this evening and some of the photos are hard to make out anyone. There were so many orbs it was cool. Tony gave a short message and we got right into praying for the sick. We gave out a few words but that didn't matter much as soon as the call went out for healing, here they came. They were so hungry that they pressed us back into the sound equipment and praise band, it was great. I prayed for so many people tonight that it's just a fog in my head. I do remember praying for this small girl that was mute. I felt like Arlene a few years ago on another trip when she prayed for a deaf man and she was asking him if he understood her. I told her he was deaf and couldn't hear or understand her. Well the music was loud and the crowd was even louder, all wanting to get your attention for prayer. So when I asked her what she needed prayer for she opened her mouth but I couldn't hear her. So I got closer to her and asked again how could I pray for her. Again she opened her mouth but I still couldn't hear her. This went on for a while until the girls behind her that were laughing at me said she can't speak, she is mute. The mute girl was even smiling at me I only wonder what they were thinking, or maybe it's better if I didn't. Ok, now that I know what to pray for I took the authority and spoke sound into her and for her vocal cords to be loosed. Within seconds she was making sound and in a few minutes she was saying "Jesus" and could even say her own name. HA who's laughing now. I love the way God works. The whole evening was just this way healing after healing Bam, Bam, Bam. I wish I could remember more but the fog hasn't lifted yet, oh well. Thank you to everyone praying for us. Blessings.
