

Mission to Africa Pastors Conference, Day 3, February 6, 2011 Via Town Christ Life Church Bomi County

Tony;

Last day of the Conference. There has been a lot of changes with timing, venue, etc. It is truly fun entering into His Plans. After seeing the deliverance style of some of the pastors last night, I knew we needed to spend part of this session on deliverance training. Glory to God, they got it! Then we moved on to impartation prayer. Wow, you could feel the hunger and expectancy.

As I moved up to pray for one of the pastors he grabbed ahold of me and the two of us went flying backwards several feet, right into the pulpit. Knocked it over, a table over and all the flowers went flying right out of the pots. He was then spinning wildly with a vice grip around me. So, I was spinning with him. I knew he was sovereignly being delivered and I got caught in the line of ejection. Others came running over to restrain the pastor, but I told them to leave him alone. I knew it would be quickly over as the demons were being removed pretty fast. It was weird that I saw his face contort as the demon manifested and we were thrown thru the air and then after eviction I watched his twisted face return to normal and he shook his head as if to say "what the heck just happened to me!"

LOOK AT THIS: A lady pastor, from a muslim background, is trying to build a church. After the crusade last night, people came into her home and attacked her to try to kill her. She was badly beat up. They wanted to take her to the hospital this morning and she said "NO, I must go to the conference this morning to get the anointing!" She was in terrible pain still this morning and she said that as she got impartation prayer, the power of God came upon her and she fell to the floor. While she was on the floor Holy Spirit released complete and total healing for her body. Even the marks from the beating she received were removed. Wow. She then proceeded to pray for a lady and saw a tumor completely disappear underneath her hand. All Glory to God!

Now this is beautiful: One of the pastors brought over to Casey and I, was a women that was in pain so we could pray for her. Standing next to me in the impartation line was the only other lady pastor. Casey and I said at the same time that the two pastor ladies should do the praying since they have just been imparted to. She had stomach pain with a tumor and she could hardly breathe. Wow, this was quite a sight to see. The hurting lady began to cry and then laugh as the tumor disappeared and all pain left. The two pastor ladies lit up with the realization of what had just happened. This is why we are here! Casey and I just looked at each other as we watched this, beaming with thankfulness.

Rev. Kettor:

Today in the church we experienced heavy anointing and the power of God. The worship was so lively and the teaching was powerful. We only need to speak the word and pray for the person and not ever has to use our own force. Impartation prayer happened today. After the impartation for the pastors, they immediately prayed for people that needed healing and they were INSTANTLY healed. Wow, it was such a joyous time for the pastors. Those that were healed included:

- A woman suffering with foot problems for 4 years and she had been going from hospital to hospital and herbalist to herbalist with no help. But when pastors prayed she started jumping to demonstrate what God had done. This lady came from a long distance to receive her healing.

- A man that was suffering from a stroke. He could not walk alone, but only with the assistance of a crutch. After he was prayed for by the pastors, he received Instant healing. He was asked how long he had been like that. He said "I have NEVER been able to walk without the crutch." But today he left the stick in the church and walked away.
- A boy of about 10 years old. He had been suffering with bad eyesight since he was 2 years old. After being prayed for by the pastors, Instantly the eyes completely opened up totally and he could see clearly. Oh happy days!
- A boy of about 11 years old. He suffered for severe headaches for more than a year. Today when he was prayed for by the pastors, Instant healing, every pain left him. He was so thankful.
- Another boy suffered from severe head problems, 13 years old and he couldn't turn his neck. He came thru the fire tunnel 3 times and the last time two of the pastors put hands on him and at that moment he was completely restored and totally healed INSTANTLY.
- As soon as we entered into the church there was a lady that prophesied that there was someone that came to try the power of God. She said that this person sent by the devil tried to get into the building but was stopped at the doors and the windows by the fire of God. She said that she saw the fire of God all over the building and that the forces of heaven stopped the demonic forces from their attempts to interrupt the service.
- One thing I observed today in the church was very, very Heavy, very, very powerful! I observed that most of the people that were imparted to and tested out the anointed were overwhelmingly shocked by the power of God that was flowing thru them. For many, it was the first time for them to see miracles flowing thru their hands. I was very, very happy to see God doing this today. I was too happy for that... This is a new experience for the pastors, they were laughing with excitement with what had happened to them.
- A man said he had been feeling heavy, severe pain for more than 3 years and he was feeling confusing all the time. Pastors prayed for him and he was Instantly healed. He said I don't know what to say, I am overwhelmed with the goodness of God.
- One pastor was under besetting power. He felt weak and winded. He was possessed by demon spirits and today got released.
- During the teaching I realized that the power of God was in me and that I only need to use it. Today I used it and saw the miracles of God.
- After the service today, there was muslim man that had the entire compound next to the church. He said that he wanted to sell his land to the church. He was monitoring what was happening in the conference and was greatly moved. He wanted to sell his land to "these wonderful people" for little money.
- During the service a brother that was suffering for arm strength problem for 2 years. It was so bad that he didn't want anyone to touch it, it hurt so bad. He was crying because during the worship

time he received the healing. He was so happy. He was so blessed. He had been prayed for many, many times but today God surprised him with a visit.

- A pregnant woman we prayed for yesterday. She was 10 months and told that she would have to have surgery. But after the prayer God moved and brought out her baby this morning. Glory to God!

Casey:

Wow what an end to a great conference. The worship again was rocking and the atmosphere was super charged with the Holy Spirit. Sadly I didn't get to dance (working through some stomach issues) so that was a bummer. I did get some great pictures of the guys cutting loose African style. They even joined the worship team and played the shake shakes. It was so funny watching them trying to figure those things out. Gene's gourd fell out of the beaded string bag, but that didn't stop him. He just kept shaking that thing until a woman came and fixed it for him. I must give them credit once they figured them out they rocked it. Way cool. I got some good pictures and video of that too for all of you to enjoy.

The teaching today was on deliverance and due to time the teaching had to be cut short, but the teaching lacked nothing. Gene and I even got to give them a visual demonstration on what deliverance looks like and how to do it. Gene took it easy on me and I was grateful for that. When the session ended we had all those who were there find a partner and help each other through deliverance. As the Holy Spirit moved in this place all of them were set free from something. Praise God.

The last part of the meeting was impartation time. There really isn't very many words that can describe what goes on during this time. All I know is we all were flowing with the Spirit. We prayed for the pastors first then we formed a fire tunnel for the rest of the people. The coolest thing during the fire tunnel this older man dressed in all white was making his way through the tunnel. At our first meeting I had gotten to pray for him and he was totally crippled and couldn't walk and now a few days later he is walking through a fire tunnel. That man was so excited he went through the tunnel a few times. God I give you all the Glory. What a day. Thank you again for praying for us. Blessings

Lance:

Again we entered into heavy praise & worship. The Holy Spirit is honored and welcome in this atmosphere of praise. We danced and sang for a very long time. The Holy Spirit came upon one of the ladies in the choir as we were playing the gourds and beads instrument. It was such a blessing. We then went into a teaching by Pastor Tony. He taught on deliverance. It was very good. After the teaching our team imparted to all the pastors and elders the anointing of the Holy Spirit. Everything we had, we gave to them with joy. Words of knowledge and prophecy were flowing. We then had the pastors form a Holy Spirit Fire tunnel and all the rest of the people went thru. We imparted to all and prayed for the sick as they came by us. One man was crippled and walked with a cane. His left side was totally paralyzed. He was healed by God and threw away his cane!! He was able to walk and use his left hand. Another man that we prayed for on the first night of the conference came back and was dancing. He was also paralyzed and now he was walking, dancing, and jumping! Healed and loving Jesus!! We worshiped for about 5 hours today. It was amazing!!!! Praise God for His wonderful and faithful provisions.

Gene:

Liberia had its own version of the superbowl today. Except this was a supernatural bowl. It was a 4 hour power packed final day of the conference. It was a day that will be marked as one of the most important days in this community. There were 150 pastors and leaders who were hungry and came ready to receive an impartation from the Lord. We praised and worshipped and then worshipped and praised, danced and sang, joined in the band and played the shake-shake gourds. P tony and I developed our own beat and felt right at home with the native people. After an hour and a half of intense worship we took time to pray. The team was introduced and p tony brought a powerful and effective teaching on deliverance. Every church in America should be taught this on a consistent basis so we can always be on guard and effective in deliverance for our own selves. We can walk in total deliverance everyday if we will apply these simple principles. The lights were going on all over the building as the pastors and leaders received the simplicity of the gospel. After preaching the message we did a short demonstration which solidified it in their spirits. And then they started doing exactly what they were taught.

P tony called up all the pastors for impartation. Our team has been freely given from the Lord and now it was time to freely give it away. P Lance, myself, p tony and Casey prayed over each man and woman as they lined up and just saturated them in the Holy Ghost and Fire, imparting to them the gifts and prophesying vision for their future. The reality of the kingdom was at hand. For each of these men and women soaked up everything we could possibly give them. After this intimate time with the Lord and Holy Spirit, we went right back into praise and worship and had a fire tunnel for all who were present, men, women and children. There were even some people that were healed in prior meetings that joined in. One specific man that was paralyzed all over his body just two days ago was out there dancing thru the fire tunnel so grateful to God for us coming to Africa.

We just want to thank The Lord for using us to be able to transform this nation. The pastors and leaders are much more equipped and ready to win souls and disciple this region. Things here will never be the same.

AMEN
