

Pastor's Conference Day 3 Mission to the Philippines

Tony:

To look at the people at this conference you might think it is a youth conference. Most of the people are young adults. They are so hungry for God and the reality of His Kingdom, there is an intense pull on heaven. Outward manifestations of His Presence and His touch can be seen in just about every person. I still am unable to find words even close to begin to explain what I saw God do today.

We began the day with some of the people giving testimony of what God has done and then transitioned into more teaching on moving with Holy Spirit and understanding dreams. Wow, when we moved into interpretation of their dreams, the anointing level went way up. The Spirit of Prophecy came and the people were amazed at how Holy Spirit was speaking into their hearts. It was as if God brought the change to a Prophetic Conference. Destinies, gifting and callings were both declared and confirmed. There was much weeping and rejoicing as Heaven clearly invaded this place. The look on people's faces as God declares to them the answer to the questions that have been in their hearts, **THAT NO ONE KNEW BUT GOD**. And then the response of their spirit in overwhelming tears of joy. For some, they had been wondering if God was still hearing them, for others it was "am I in the right place" or others it was "where am I going with God". Wow, to see Holy Spirit speak into their lives this way.

We ate rice and beef with the people and then into the last session, Impartation Prayer. We called the pastors up first, thinking that we would impart to them and then form a fire tunnel for the rest of the people. To our surprise, the line just kept replenishing. His intention was that we would lay hands and prophecy over every single person in this place and that is exactly what we did.

Now this is amazing: I was feeling like these people were understanding what I was saying. Again, we found out that many of them were hearing us pray **IN THEIR NATIVE LANGUAGE**. **WOW GOD, You are Amazing!**

About six hours of impartation prayer. This doesn't always happen, but today I felt the flow of Anointing. I could feel the exact moment that His power was released into them and then instantly they were down on the floor. Every one of them was weeping from His overwhelming Presence. For those that think church leaders don't need deliverance: Just as I began to pray for one pastor, the power of God began to sovereignly deliver him as he bent over belching out the critters that have been tormenting him. I prayed for a number of people on the floor as they had already been set down thru Edgar and Casey. Only the history written in heaven will tell of the result of what God is imparting to His people today.

Edgar:

Oh God, Lord, what an awesome privilege that I was able to interpret a dream. Tony asked me to translate what a man was saying. But, to my surprise, as the man was telling me about his dream, I WAS GETTING THE INTERPRETATION. Wow, what a wonderful experience. Holy Spirit just downloaded to me the meaning of this man's dream. It came as he was talking. Bam, it was there. Pastor Tony looked at me and said, "You have it, don't you" and I did. Wow, the man was amazed as God gave that to him.

Second session is the impartation prayer. I don't know what to say. It is so amazing. I feel as though I stepped into the realm of Heaven. It was an unstoppable line. The people just kept coming and coming. Again, I have never experienced any like this in my lifetime. The Power and Presence of God was overwhelming. I was asked to go first and I couldn't understand why. I later realized that I had the privilege of being a forerunner for all these people were going to get from the Lord. I was confused because I thought they could go first and I could listen to what they were saying and I could follow them. I was thinking I would be the last one and they would all be knocked down and it would be easy for me. But no, God wanted me to step fully into the Spirit and trust Him to do what I have never done before. I was so amazed. They started crying and some just instantly just got knocked down and were shaking some a little some a lot. Behind me was Casey and pastor Tony and the next bam, bam finishing off what these people needed. It was so amazing how I COULD FEEL WHAT WAS INSIDE OF

THESE PEOPLE and at the same time pouring out all of what God was giving me for them. We didn't realize until the end how much had gone out of us and how drained we were. Holy Spirit gave me knowledge to bless them and tell them of what is coming in the Spirit for them. For this first trip of mine, how could I be so blessed to FEEL THE HEART OF GOD for His people? Every time when I prayed it felt like water, a river was flowing thru me. I could feel His power going into people and then watch them vibrate, cry and fall. Oh My God, am I dreaming, is this really happening to me?

That's all I can say, thanks for all your prayers.

Reports Done. It's Lansones and Mango Time.

Casey:

Well today was our last day for the conference and that really bums me out. We have really fallen in love with the people here and have already made several friends. It sure is going to be hard when we have to say good bye. Well you know what they say... If you don't leave you can never come back. I feel in my spirit that we will be coming back here again one day soon.

Oh here is a praise report from one of the pastors that came for the first day of the conference only. When showed up at the end of the first day because of what he had heard what God was doing here. He drove four hours to get here and he brought two young girls with him. One of them had asthma and was powerfully delivered and healed instantly, praise God. The other girl was mute and her hands were all crippled up. Both of her hands looked like little balls and we tried to pull her hands open but nothing would move. Tony and Edgar each took a hand and started to pray for her as I went after the mute spirit. We didn't pray very long and we asked her to say Jesus and she did. She began to speak just fine as this huge smile came onto her face. Then Tony and Edgar told her to try and move her fingers. You could tell by the look on her face that she was really trying as her fingers began to move real slowly. We kept praying for her and each time there was more movement in her hands. Not all of her fingers loosened up but they were now moving. We told her and the pastor that brought her to Believe God for the rest of her healing. God started the work and He is going to finish it. That was Tuesday night when we last saw them as they headed home. On Wednesday

morning Pastor Elemerson received a text on his phone from that same Pastor from Tuesday. His text read Halleluiah!! The girl you prayed for is totally healed. She is speaking perfectly and her hands are working normally. He said that she can press her hands flat on the wall and even give a high five. God is so good now that the pastor is begging us to come to his village and release the Kingdom of Heaven there. He said he would bring all the churches together. Praise God. God is good, huh?

Ok now on to today's report. The session this morning was on dreams and after the teaching we started to interpret the dreams they had. It was great to see how God was speaking to them through their dreams and the calling that was being released on them. Real Prophetic ministry was happening, it was awesome. They were so excited and a ton of them kept coming up after they said ok one more person and we are going to stop. Ha, ha, that never happened the just kept coming.

After lunch was the time they all were waiting for impartation time. Everywhere we go this is the most exciting time for us to give it all away. We started with the pastors first then the rest followed. It was so cool to watch God and His Spirit move in this place. Edgar went first as we each prayed for every person that was there. Following Edgar was like following a one man wrecking crew. By the time I got to them they were weeping and shaking and several of them were already on the floor. The Spirit of God was moving so gently over them, they are such a soft touch and so open to the Spirit. It really made it easy to pray for several hours and pour out everything we had. I know this is never fair to anyone that is reading the reports but there are no words to explain what we felt. All I know is we gave everything away. As Edgar said "it felt like water leaving you as you prayed for them". God is good, God is good, God is good. Thank you to everyone that is lifting us up in prayer, Blessings.

Elmerson Palabrica (the fourth cord- even harder to break than a triple cord);
This is summary of all three days:

The first the day of the conference:

We saw people coming, most of the people who came to this prayer power conference were Pastors and Church Leaders from Glan Sarangani Province, and

Tiboli South Cotabato these are the tribal groups leading congregation of believers indigenously survived in ministry by their farm produce to live with their families to go on with the worship and mission in the mountains. They were hauled with two passenger jeeps and a wheeler truck.

At around 9am inside the conference hall, we experienced the Power of God in the beginning of the session with loud praises and worship singing to our King, Healer and Redeemer Jesus. Pastor Tony Fire stood up and led the prayer and starting to manifest the presence and power of the Holy Spirit in him by giving a word of knowledge for stomach ailment. In the beginning there none response, as interpreter I explained to the people in vernacular not to be ashamed of to stand up and come in front because Jesus will heal and touch you today. They had never seen ministry like this before. Then one lady raised her hand and came in front and I asked her what is her problem and she said stomach ailment, maybe ulcer she said, and ask her how many years she has been struggling that pain? She said more than one year and still in pain, then Pastor Tony taught the people how to pray and be sensitive of the power and the anointing of the Holy Spirit, Pastor Tony told the lady to touch the part of her stomach in pain and Pastor Tony put his hand on her and start praying in faith and commanding the stomach to stop the pain commanding the ulcer to disappear in the name of Jesus and after the prayer Pastor Tony asked the lady how do you feel? She said the pain is all gone and I feel totally healed. Halleluia! That was my FIRST encounter with God with the team risking faith to pray for healing to the lady as The Holy Spirit blessed the Lady and Jesus healed her, after teaching the words of knowledge. Pastor Tony again asked the congregation to come all of you who needs healing, then people came and we were surprised that out of all who came, maybe 35 believers had a stomach problem. Strange how they didn't come up when the word was given. Then each of them were prayed over by Pastor Tony and I and Jesus healed them all quickly. I saw, THRU MY HANDS, the miracle happen. Praise God!

I witnessed with my own eyes there was another lady healed with breast tumor, when she stood up in front of us Pastor Tony told her to touch where the tumor in pain, we prayed over 3 times and the mass tumor little by little becomes smaller then we prayed again the 4th time then we asked the lady where's the

tumor now? She was touching now inside of her t-shirt and massaging her breast looking for the tumor; Pastor Tony asked her how do you feel now? She said no more tumor and pain is gone. Halleluiah ! I AM IN SHOCK at what I have witnessed God do today. Tremendous miracles right in front of my eyes. God is Awesome.

Second Day of the Conference:
(Already Reported Separately)

The third and last day of the conference:

We were taught by the Holy Spirit through His servant Pastor Tony all about dreams; that dreams are given to believers with a purpose and can be used by God to save sinners and will guide His people into prayer and thanksgiving. And, there are times that God moves our spirit to bring it to other places in the future or in the past or in the middle of time as the Lord wishes it to be, to bless other people in need while the physical being of believer is on the bed. For me this is very genuine teaching that I only heard and taught now, for the first time, by the Lord, through this man of God in accordance with the Scripture. T'was so wonderful and amazing. People in the meeting loved it so much they kept on coming in front so Pastor Tony would interpret for them. I am so amazed with this confirmation. The people enjoyed listening to him with the actual happenings like a Muslim that they just blessed with a simple prayer and he then had a dream with Jesus calling him and waving his hand in a dream that led to his salvation trusting Jesus. Amen Lord Jesus! Thank you for this knowledge.

In the afternoon, Pastor expounded the call of God to be done with believers which is impartation, as Jesus was saying... Father sent, so I sent you...there are a lot of Pastors and Leaders came and Pastor Tony, Sir Casey and Sir Ed imparted to us the prayers of power and authority to risk our faith outside for the harvest of souls and experience signs and wonders of healing and deliverance as we go. Pastors and leaders lining up and received the impartation to use the authority and power over demons and sickness in any place where the Lord leads them to go at any time to bless people. The conference was closed by the pastor host of the venue International Oneway Outreach Church and the team does the same giving to him prayers for knowledge and wisdom poured out during the whole conference.
