

Mission to Africa Some final comments from the African Leaders

“Each of our Denominations have thought we have the correct theology. We have all learned from the Lord that we have been steeped in much tradition and ways of man and even doctrine of demons in the Church. We are so grateful for the liberating grace of Christ that has brought us out of so much darkness these days. We have stepped into the true relationship and power that God would have for us. We will never be the same again!”

“We have seen the Hand of God, the blind see, the lame walk and the deaf hear! We have seen such instant healings. We have seen Muslims witness the healing power of God and turn away from their religion to come to Christ. Our ministry has so changed, from yelling and pushing and using many words to simply moving in power and authority that Christ has given to us.”

“To me, the greatest part of this LFJ ministry is the impartation that is given to our pastors and leaders. Much to our amazement, after impartation, our leaders are doing the same works as Jesus. We will now impart to the people in our churches and see the kingdom of God expand at a speed and power level unknown to us before.”

“The LFJ team has come to give away not to take. They have brought honor back to the pastors that previously did not feel that they had what was needed to properly minister. The LFJ team is not taking Jesus away from here and back to America, but the Jesus of the Bible is clearly with us. We can see that now!”

“I can now see how the gospel will be preached to all. Previously we could not understand as many would not listen to us preach.”

“This mission has been so powerful. The Lord did marvelous. We saw large crowds come to Jesus. We saw popcorn miracles taking place. They were happening so fast. I saw paralyzed people instantly restored. I saw cancer removed. The people were so attentive to the teachings. It was as if they had never heard such revelation before. It was as if we have come out of the dark ages and finally into the light!”

“The teachings have brought us to realize the authority we have. Even after the LFJ visitors have left each area, the church has continued the crusades with the same anointing. This is just so amazing!”
